

Place Value Worksheets

Grade 3 & Grade 4 · Ones to Millions

These printable packs help students find and use place value from the **ones** place through the **millions** place. Grade 3 sheets are more scaffolded; Grade 4 sheets add $\times 10/\div 10$ relationships, rounding, and richer problem solving (aligned with Alberta Number outcomes around place value).

Grade 3 pack — *Grade3_Place_Value_Worksheets.pdf*

1. Identify the Place
 2. Value of a Digit
 3. Standard, Expanded & Word Form
 4. Build Numbers in a Place-Value Chart
 5. Compare & Order Numbers
- + Answer Key

Grade 4 pack — *Grade4_Place_Value_Worksheets.pdf*

1. Identify Place & Value to Millions
 2. $\times 10$ and $\div 10$ Place Relationships
 3. Expanded Form & Different Compositions
 4. Missing Digits, Rounding & Context
 5. Mixed Challenge Practice
- + Answer Key

Suggested use in a 3/4 split

- Shared mini-lesson on place-value chart (ones $\rightarrow$ millions)
- Grade 3 completes Pack sheets 1–3 while Grade 4 completes Pack sheets 1–2
- Swap: Grade 3 compare/order; Grade 4 $\times 10$ relationships
- Use answer keys for quick self-check or peer marking
